

Fall Community Wrap Up

—
Portvisory, November 2018

Community

- What is a community?
- What do communities need to thrive?
- Why do communities matter?

Celebrating CCLCS' Community

Agenda for Today

1. File reflections
2. Fall Community and Field Trip Wrap Up

Name:

Grade:

Portvisory Teacher:

Fall Field Trip and Community Wrap Up

1. Which was your favorite fall field trip? **Why?** (Art Museum, Nature's Classroom, Dig, Drop, White Mountains, Sea Camps)

2. Many of these field trips have happened for 20+ years! Why do you think CCLCS keeps arranging these field trips?

3. Starting soon 5th grade families will visit our school to decide if their child should apply for next year. Above and beyond just field trips, what makes CCLCS different from other schools?

4. Field trips often require a different level of engagement and personal responsibility. Now that we transition into the most "academic" part of the year how can you be as engaged and responsible in the classroom?

Example of being Engaged	Example of being Personally Responsible
On a Field Trip	On a Field Trip
In the Classroom	In the Classroom

5. Put on your teacher hat. If you could design the perfect field trip what would it be?

Where:

When:

Activities:

What would the purpose be?

How does it connect to being EPIC?

6. One piece of advice for CCLCS students going on these trips next year:

7. One person (could be a student or staff member) you've enjoyed getting to know better this fall _____

How did you get to know them better?

8. One word to describe your fall thus far _____
